PART I – SUBJECTS	3–14
PART II – CONTRIBUTORS	14–22
PART III – BOOK REVIEWS	22–25
ACKNOWLEDGEMENT TO ASSESSORS	26

Index to Volume 150

Compiled by Stanley Thorley

PART I – SUBJECTS

(C) denotes correspondence

Acceptance: Dates of acceptance; S. W. Lewis (C) 883

ACTH (Adreno-corticotropic hormone): A combined study of cortisol, ACTH and dexamethasone concentrations in major depression: multiple time-point sampling. B. G. Charlton *et al* 791–796

Admissions: First admissions of native-born and immigrant patients to psychiatric hospitals; Gyles Glover (C) 882

Admission rates and lithium; M. R. Eastwood and A. M. Peter (C) 878; Paul Grof (C) 264–265; R. E. Kendell and W. E. Dickson (C) 265

Adolescents: Reliability of the psychosocial axes of DSM-III in an adolescent population; J. M. Rey *et al* 228–234

Factor study of a psychiatric child rating scale based on ratings made by clinicians on child and adolescent clinic attenders; G. Thorley 49–59

Affective disorders see also **Bipolar disorder, Depression, Emotional disorders, Mania, Manic-depressive disorders** and **Unipolar/bipolar system**

Switch mechanism in affective illness and oral S-adenosylmethionine (SAM); M. W. P. Carney *et al* (C) 724–725

The effect of carbamazepine and lithium on remission from affective illness; S. E. Watkins *et al* 180–182

Aftercare: "After-care Ladies Working Society" — Notes and news; Henry Rollin (*A hundred years ago*) 273

Agoraphobia: Influence of husbands on the outcome of their agoraphobic wives' therapy; K. Oatley and D. Hodgson 380–386

AIDS (Auto Immune Deficiency Syndrome): AIDS-phobia; K. S. Jacob *et al* (C) 412–413

Alcoholism: Gamma glutamyl transpeptidase and mean cell volume in alcoholics; David M. Hambridge (C) 568

Alcohol-related psychiatric emergencies: their characteristics and care at a walk-in-clinic; Eric F. Mendelson (*Brief report*) 121–124

Tiapride in the long-term management of alcoholics of anxious or depressive temperament; G. K. Shaw *et al* 164–168

Allergy: Allergic type response to trazodone; James Maguire and Ashok N. Singh (C) 271–272

Alzheimer's disease: Characteristic plasma hormone changes in Alzheimer's disease; J. E. Christie *et al* 674–681

Aminoaciduria: Asperger's syndrome and aminoaciduria: a case example; S. W. Miles and P. Capelle (*Brief report*) 397–400

Amnesia: Fictitious epilepsy associated with amnesia; J. R. Jones and F. R. Horrocks (*Brief report*) 257–258

Amnesia: organic and psychogenic; M. D. Kopelman (*Review article*) 428–442

Annotation: Neuropsychiatry; D. Rogers 425–427

Anorexia nervosa see also **Eating disorders**

Clomipramine and 'drive' in people with anorexia nervosa: an in-patient study; A. H. Crisp *et al* 355–358

A schoolgirl with onset of anorexia nervosa during a concealed pregnancy; J. E. Foster and M. E. Jenkins (*Brief Report*) 551–553

Anorexia nervosa and gastric rugal hyperplasia; A. D. Cockett (*Brief report*) 697–700

Anorexia nervosa and dysmorphophobia; George Cohen (C) 406–407. Christopher S. Thomas (C) 406

Anorexia nervosa or dysmorphophobia?; Lawrence Jerome (C) 560–561

Anorexia and antidepressants; I. Reid *et al* (C) 874–875

Antarctica: The psychological effects of service in British Antarctica: a study using the General Health Questionnaire; J. Bell and P. H. Garthwaite 213–218

Anticonvulsants: Anticonvulsant medication in a mental handicap hospital: 1972–1982; L. C. Shepherd *et al* 513–517

Antidepressants: Anorexia and antidepressants; I. Reid *et al* 874–875

Hydroxylated metabolites of tricyclic antidepressant in the elderly; Robert C. Young *et al* (C) 131–132

Anti-manic agent: Clonidine: an effective anti-manic agent; J. Maguire and A. N. Singh (*Brief report*) 863–864

Art therapy: Art therapy; Marianne Kreeger (C) 413; Diane Waller (C) 413

Asperger's syndrome: Asperger's syndrome and aminoaciduria: a case example; S. W. Miles and P. Capelle (*Brief report*) 397–400

Asphyxiation: Behavioural treatment of life-threatening masochistic asphyxiation: a case study; P. Haydn-Smith *et al* 518–519

Attachment dynamic: Attachment dynamic in adult life; Malcolm West and Adrienne Sheldon (C) 408–409

Autism: Infantile autism in children of immigrant parents: a population-based study from Göteborg, Sweden; Christopher Gillberg *et al* (*Brief report*) 856–858

Tuberous sclerosis and the autistic syndrome; B. A. Lawlor and R. G. Maurer (*Brief report*) 396–397

Biological and neuropsychological approaches to childhood autism; Margot R. Prior (*Review article*) 8–17

Autocastration: Autocastration and biblical delusions in schizophrenia; David Ames (C) 407; Larry Culliford (C) 407

Autocastration in Ontario Federal Penitentiary inmates; G. Neil Conacher and George H. Westwood (C) 565–566

Behavioural therapy: Behavioural treatment of life-threatening masochistic asphyxiation: a case study; P. Haydn-Smith *et al* 518–519

Behavioural psychotherapy in general psychiatry: helping patients to help themselves; I. Marks (*Maudsley Bequest Lecture, 1986*) 593–597

Influence of husbands on the outcome of their agoraphobic wives' therapy; K. Oatley and D. Hodgson 380–386

β-endorphin: Plasma levels of β-endorphin in depressed patients with and without pain; R. J. Daly *et al* 224–227

Benzodiazepine: Obsessive-compulsive disorder – a complication of benzodiazepine withdrawal; Helen P. Matthews and Lynne M. Drummond (C) 272

Bipolar disorder: CSF neuropeptides in euthymic bipolar patients and controls; W. H. Berrettini *et al* 208–212

Prediction of outcome in depressive illness by the Newcastle diagnosis scale: its relationship with the unipolar/bipolar and DSM-III systems; M. W. P. Carney *et al* 43–48

BITE (Bulimic Investigatory Test, Edinburgh): A self-rating scale for bulimia; M. Henderson and C. P. L. Freeman 18–24

BITE: self-rating scale for bulimia; Michael King and Paul Williams (C) 714–715

Books reconsidered: *Sociobiology, the new synthesis:* Edward O. Wilson (Edward Hare) 709–711

Cognitive therapy and the emotional disorders: A. T. Beck (E. S. Paykel) 870–871

Brain imaging: Nuclear magnetic resonance brain imaging in chronic schizophrenia; J. A. O. Besson *et al* 161–163

Brazil: Depression assessment in Brazil: the first application of the Montgomery-Åsberg Depression Rating Scale; L. Drateu *et al* 797–800

Broadmoor: Detention in Broadmoor: factors in length of stay; S. Dell *et al* 824–827

Bulimia: Relationship of mood alterations to bingeing behaviour in bulimia; Sally Browning (C) 273

A self-rating scale for bulimia: the 'BITE'; M. Henderson and C. P. L. Freeman 18–24

BITE: self-rating scale for bulimia; Michael King and Paul Williams (C) 714–715

Bulimia nervosa: the impact of pregnancy on mother and baby. J. Hubert Lacey and G. Smith 777–781

Physical and psychological characteristics of five male bulimics; J. Dunkeld Turnbull *et al* 25–29

Butane: Patterns of use and related harm with toluene-based adhesives and butane gas; A. C. Evans and D. Raistrick 773–776

Phenomenology of intoxication with toluene-based adhesives and butane gas; A. C. Evans and D. Raistrick 769–773

Caffeine: Caffeine and panic attacks; M. W. D. Rowlands (C) 720

Cancer: Communicating with cancer patients; S. Gautam and M. Nijhawan 760–764

Capgras' syndrome: Capgras' syndrome in a patient with dementia; Alistair Burns and Michael Philpot (C) 876–877

Capgras' syndrome in a patient with dementia; Vinod Kumar (*Brief report*) 251

Brain imaging in a case of Capgras' syndrome; Shôn W. Lewis (*Brief report*) 117–121

Carbamazepine: The effect of carbamazepine and lithium on remission from affective illness; S. E. Watkins *et al* 180–182

Catatonia: A case of 'lethal catatonia' in a 14-year-old girl; Patricia Ainsworth (*Brief report*) 110–112

Organic factors in catatonia; I. Freedman (C) 562; Karel de Pauw and Krystyna Szulecka (C) 561–562

Cerebellar haemangioblastoma: Psychiatric vulnerability and cerebellar haemangioblastoma; D. A. Summerfield (*Brief report*) 858–860

Cerebral ventricles: Cerebral ventricular enlargement in chronic schizophrenia: consistencies and contradictions; A. Farmer *et al* 324–330

Children: Infantile autism in children of immigrant parents: a population-based study from Göteborg, Sweden; Christopher Gillberg *et al* (*Brief report*) 856–858

Factor study of a psychiatric child rating scale based on ratings made by clinicians on child and adolescent clinic attenders; G. Thorley 49–59

Tics and heredity: a study of the relatives of child tiqueurs; D. M. Zausmer and M. E. Deevey 628–634

Chlorpromazine: Electrodermal responding and chlorpromazine treatment in schizophrenia; Stavroula Yannitsi *et al* (*Brief report*) 850–853

Chromosome abnormalities: A case of mosaicism with fragile-X and XXY components; Saumitra Deb *et al* (*Brief report*) 700–702

49 chromosome anomaly; S. Ganeshanantham and I. Gonsalves (C) 409

Clomipramine: Clomipramine and flupenthixol – additive antidepressants? Peter Connelly and Graham J. Naylor (C) 721–722

Clomipramine and 'drive' in people with anorexia nervosa: an in-patient study; A. H. Crisp *et al* 355–358

Clonidine: Clonidine: an effective anti-manic agent? J. Maguire and A. N. Singh (*Brief report*) 863–864

Cluster analysis: Classification of parasuicide by cluster analysis: types of suicidal behaviour, therapeutic and prognostic implications; A. Kurz *et al* 520–525

Cognitive performance: The mental health of elderly couples. I. The effects of a cognitively impaired spouse; J. M. Eagles *et al* 299–303

The Scottish first episode schizophrenia study. III. Cognitive performance; The Scottish Schizophrenia Research Group 338–340

Comparison of the sensitivity of three instruments for the detection of cognitive decline in elderly living at home; A. Little *et al* 808–814

Cognitive therapy: *Cognitive therapy and the emotional disorders:* A. T. Beck (E. S. Paykel, *Books Reconsidered*) 870–871

Community services: Comprehensive psychiatric community services for the severely disabled; G. P. Pullen (C) 718

Compensation: Compensation psychosis; A. C. White *et al* (*Brief report*) 692–694

Compulsory detention: Detention in Broadmoor: factors in length of stay; S. Dell *et al* 824–827

The compulsory detention of males of different ethnic groups, with special reference to offender patients; D. McGovern and R. Cope 505–512.

Consanguinity: Cousin marriages and schizophrenia in Saudi Arabia; Kutaiba Chaleby and T. A. Tuma (*Brief report*) 547–549

Corrigenda: October 1986, **149,** 472 Table 1 273
October 1986, **149,** 535. Review of *Handbook of Psychiatry* 883
November 1986, **149,** 598, 'Results' section 273
October 1986, **149,** 472, Table 1, 273
November 1986, **149,** 634, penultimate paragraph 273
January 1987, **150,** 43–48 co-authors' names 571
February 1987, **150,** 162 Fig. 1. labels 571
March 1987, **150,** 412. Jacob *et al* (C) 883
May, 1987, **150,** 723–724. D. N. Anderson (C) 883
Cortisol: A combined study of cortisol, ACTH and dexamethasone concentrations in major depression: multiple time-point sampling; B. G. Charlton *et al* 791–796
Cotard's syndrome: Cotard's syndrome in a mentally handicapped man; Anthony Kearns (*Brief report*) 112–114

Day care: Long-stay patients in a psychiatric day hospital: a case note review; G. McGrath and D. Tantam 836–840
Influence of emotional distress among supporters on the outcome of psychogeriatric day care; C. J. Gilleard 219–223
Deafness: Psychological complications following a misdiagnosis of deafness; L. A. Hewson and P. Morris (C) 570–571
Delusions: Autocastration and biblical delusions in schizophrenia; David Ames (C) 407. Larry Culliford (C) 407
Delusional parasitosis; N. J. Hunt and V. R. Blacker (C) 713–714
Delusional parasitosis: successful non-pharmacological treatment of a *folie-à-deux;* Norman D. Macaskill (*Brief report*) 261–263
Delusional infestation and dementia: a case report; E. B. Renvoize *et al* (*Brief report*) 403–405
Dementia see also **Cognitive performance**
Dementia, complications: Dementia in Parkinson's disease; D. Peter Birkett (C) 560
Capgras' syndrome in a patient with dementia; Alistair Burns and Michael Philpot (C) 876–877
Capgras syndrome in a patient with dementia; Vinod Kumar (*Brief report*) 251
Depression, dementia and disability in the elderly; B. A. Griffiths *et al* 482–493
Delusional infestation and dementia: a case report; E. B. Renvoize *et al* (*Brief report*) 403–405
Dementia, diagnosis: Clinical tests of memory as sensitive and specific signs of dementia; M. G. Binks (C) 719–720
Sub-cortical dementia; Raymond Levy and Barbara Jacquelyn Sahakian (C) 559–560
The memory clinic: a new approach to the detection of dementia; T. J. M. Van der Cammen *et al* 359–364
Dementia, occurrence: Measuring the Rising Tide: how many dementia cases will there be by 2001?; B. Ineichen 193–200
Dementia in 2001; James Lindesay (C) 712
Dementia, physiopathology: Senile dementia and parietal lobe dysfunction; C. J. Gilleard *et al* (*Brief report*) 114–117; Raymond Levy (C) 558–559
Zinc in senile dementia; Chris Kenn and Elizabeth Gibb (C) 875; I. J. McLoughlin (C) 409
Depression, aetiology: Life events, vulnerability and onset of depression: some refinements; G. W. Brown *et al* 30–42
Depression, classification: The concepts of mild depression; R. P. Snaith (*Point of view*) 387–393
Depression, complications: Hostility and deliberate self-poisoning: the role of depression; R. Farmer (*Review article*) 609–614
Depression, dementia and disability in the elderly; R. A. Griffiths *et al* 482–493
Case report: severe depressive illness in the context of hypervitaminosis D; Kenneth M. G. Keddie (*Brief report*) 394–396
Depression in school phobia; Israel Kolvin *et al* (C) 268–270
Suicide risk factors: a comparison of suicide attempters with suicide completers; K. Michael 78–82
Depression, diagnosis: Detection of postnatal depression: development of the 10-item Edinburgh postnatal depression scale; J. L. Cox *et al* 782–786
Depression assessment in Brazil: the first application of the Montgomery-Åsberg Depression Rating Scale; L. Drateu *et al* 797–800
The structure of depressive symptoms in the elderly; W. R. Good *et al* 463–470
An American validation study of the Newcastle Diagnostic Scale. II. Relationship with clinical, demographic, familial and psychosocial features; M. Zimmerman *et al* 526–532
Depression, occurrence: Depressive disorder in primary care; C. V. R. Blacker and A. W. Clare (*Review article*) 737–751
Depression in the elderly living in the community: its presentation and features; O. Ben-Arie *et al* 169–174
Depression in the general population: comparability of survey results; T. K. J. Craig *et al* (*Point of view*) 707–708
Depression, pharmacodynamics: The dexamethasone suppression test in depression: a World Health Organization collaborative study; Alec Coppen and Maryse Metcalfe 459–462
The dexamethasone suppression test and prediction of outcome in patients receiving ECT; C. L. E. Katona *et al* 315–318
Depression, physiopathology: Changes in auditory P3 event-related potential in schizophrenia and depression; D. H. R. Blackwood *et al* 154–160
A combined study of cortisol, ACTH and dexamethasone concentrations in major depression: multiple time-pointing sampling; B. G. Charlton *et al* 791–796
Plasma levels of β-endorphin in depressed patients with and without pain; R. J. Daly *et al* 224–227
Depression, prognosis: The prognosis of primary depressive illness: its relationship to the dexamethasone suppression test; P. C. W. Bowie *et al* 787–790
Prediction of outcome in depressive illness by the Newcastle diagnosis-scale: its relationship with the unipolar/bipolar and DSM-III systems; M. W. P. Carney *et al* 43–48
Predictions of outcome in depressive illness; John M. Eagles (C) 715

The prognosis of depression in old age; Elaine Murphy (C) 268

Five risk factors for depression; A. Roy 536–541

Depression, psychology: The influence of depression on the processing of personal attributes; P. I. Clifford and D. R. Hemsley 98–103

Depression, therapy: A comparative trial of a new antidepressant, fluoxetine; S. Levine *et al* 653–655

Further studies of vanadium in depressive psychosis; G. J. Naylor *et al* 656–661

Electroconvulsive therapy and cognitive improvement in a very elderly depressed patient; Brian O'Shea *et al* (*Brief report*) 255–257

Dexamethasone: The prognosis of primary depressive illness: its relationship to the dexamethasone suppression test; P. C. W. Bowie *et al* 787–790

A combined study of cortisol, ACTH and dexamethasone concentrations in major depression: multiple time-point sampling; B. G. Charlton *et al* 791–796

The dexamethasone suppression test in depression: a World Health Organization collaborative study; Alec Coppen and Maryse Metcalfe 459–462

The dexamethasone suppression test and prediction of outcome in patients receiving ECT; C. L. E. Katona *et al* 315–318

Down's syndrome: Down's syndrome with mania; Edwin H. Cook Jr and Bennett L. Leventhal (*Brief report*) 249–250

Gilles de la Tourette's syndrome in Down's syndrome; John Corbett (C) 569

Drugs see **Anticonvulsants, Antidepressants, Anti-manic agent, Neuroleptics, Psychotropic drugs.**

See **Benzodiazepine, Caffeine, Carbamazepine, Chlorpromazine, Clomipramine, Clonidine, Dexamethasone, Ephedrine, Ethanol, Fluoxetine, Flupenthixol, Lithium, Lofepramine, Mianserin, Nifedipine, Oxygen, Paraldehyde, Phenelzine, Pimozide, Procyclidine, Sodium valproate, Sulpiride, Tiapride, Trazodone** and **Vanadium.**

DSM-III (Diagnostic and Statistical manual of Mental disorders, 3rd edn): Prediction of outcome in depressive illness by the Newcastle diagnosis scale: its relationship with the unipolar/bipolar and DSM-III systems; M. W. P. Carney *et al* 43–48

DSM-III personality disorder clusters in three populations; J. Reich and W. Douglas Thompson 471–475

Reliability of the psychosocial axes of DSM-III in an adolescent population; J. M. Rey *et al* 228–234.

Dyscrasias: Mianserin and blood dyscrasias; R. J. Ancill (C) 569–570

Dysmorphophobia: Anorexia nervosa and dysmorphophobia; George Cohen (C) 406–407; Christopher S. Thomas (C) 406

Anorexia nervosa or dysmorphophobia?; Laurence Jerome (C) 560–561

Eating disorders: Folate and vitamin B12 in eating disorders; M. T. Abou-Saleh and K. O. Chung-A-On (C) 133

Edinburgh: Suicide and parasuicide among further education students in Edinburgh; S. D. Platt 183–188

Edinburgh postnatal depression scale: Detection of postnatal depression: development of the 10-item Edinburgh postnatal depression scale; J. L. Cox *et al* 782–786

Education: Specific and non-specific effects of educational intervention with families living with a schizophrenic relative; J. V. Smith and M. J. Birchwood 645–652

Elderly: Depression in the elderly living in the community: its presentation and features; O. Ben-Arie *et al* 169–174

ECT in the elderly; S. M. Benbow (C) 877; Patrick Bracken *et al* (C) 713

Range of mental illness among the elderly in the community: prevalence in Liverpool using the GMS-AGECAT package; J. R. M. Copeland *et al* 815–823

The mental health of elderly couples. I. The effects of a cognitively impaired spouse; J. M. Eagles *et al* 299–303

II. Concordance for psychiatric morbidity in spouses; J. M. Eagles *et al* 303–308

The psychological well-being of supporters of the demented elderly; J. M. Eagles *et al* 293–298

The structure of depressive symptoms in the elderly; W. R. Good *et al* 463–470

Depression, dementia and disability in the elderly; R. A. Griffiths *et al* 482–493

Comparison of the sensitivity of three instruments for the detection of cognitive decline in elderly living at home; A. Little *et al* 808–814

Mental health and psychological well-being among the old and the very old living at home; K. Morgan *et al* 801–807

The prognosis of depression in old age; Elaine Murphy (C) 268

Electroconvulsive therapy and cognitive improvement in a very elderly depressed patient; Brian O'Shea *et al* (*Brief report*) 255–257

Hydroxylated metabolites of tricyclic antidepressant in the elderly; Robert C. Young *et al* (C) 131–132

Electroconvulsive therapy: ECT in the elderly; S. M. Benbow (C) 877; Patrick Bracken *et al* (C) 713

Mania following head injury: a report of two cases and a review of the literature; A. F. Clark and K. Davison 841–844

The dexamethasone suppression test and prediction of outcome in patients receiving ECT; C. L. E. Katon *et al* 315–318

Electroconvulsive therapy and cognitive improvement in a very elderly depressed patient; Brian O'Shea *et al* (*Brief report*) 255–257

Post-ictal syndrome after ECT; Allan Scott and Idwal Evans (C) 409–410

Electrodermal response as a monitor in electroconvulsive therapy; C. J. Simpson and C. E. Hyde (*Brief report*) 549–551

Oxygen saturation during electroconvulsive therapy; Steven R. Swindells and Karen H. Simpson (*Brief report*) 695–697

Electrodermal response: Electrodermal response as a monitor in electroconvulsive therapy; C. J. Simpson and C. E. Hyde (*Brief report*) 549–551

Electrodermal responding and chlorpromazine treatment in schizophrenia; Stavroula Yannitsi *et al* (*Brief report*) 850–853

Emergency services: Alcohol-related psychiatric emergencies: their characteristics and care at a walk-in-clinic; Eric F. Mendelson (*Brief report*) 121–124

Emotional disorders: *Cognitive therapy and the emotional disorders:* A. T. Beck (E. S. Paykel, *Books reconsidered*) 870–871

Emotions: Influence of emotional distress among supporters on the outcome of psychogeriatric day care; C. J. Gilleard 219–223

Expressed emotion in the families of the mentally handicapped: a pilot study; Drone Greedharry (*Brief report*) 400–402

The Nithsdale schizophrenia survey. VI. Relatives' expressed emotion: prevalence, patterns and clinical assessment; R. G. McCreadie and A. D. T. Robinson 640–644

England: Suicide in England and Wales, 1975–1984; G. M. G. McClure 309–314

Ephedrine: Ephedrine psychosis rediscovered; Andrew M. Whitehouse and Janice M. Duncan (*Brief report*) 258–261

Epilepsy: Epilepsy and psychosis – ask the family; David J. Clarke *et al* (*Brief report*) 702–703

Fictitious epilepsy associated with amnesia; J. R. Jones and F. R. Horrocks (*Brief report*) 257–258

Brain imaging in a case of Capgras' syndrome; Shôn W. Lewis (*Brief report*) 117–121

Post-ictal syndrome after ECT; Allan Scott and Idwal Evans (C) 409–410

Ethanol: Ethanol retards desensitisation of simple phobias in non-alcoholics; O. G. Cameron *et al* 845–849

Ethnic groups: Ethnic labels in South Africa: Beverley J. Dickman and Leslie Swartz (C) 566

Schizophrenia and ethnicity; Roland Littlewood (C) 272–273

The compulsory detention of males of different ethnic groups, with special reference to offender patients; D. McGovern and R. Cope 505–512

Ethnic differences in self-poisoning: a comparison of West Indian and White groups; J. Merrill and J. Owens 765–768

Evoked potentials, auditory: Changes in auditory P3 event-related potential in schizophrenia and depression: D. H. R. Blackwood *et al* 154–160

Factitious disorders: Fictitious epilepsy associated with amnesia; J. R. Jones and F. R. Horrocks (*Brief report*) 257–258

Factor study: Factor study of a psychiatric child rating scale based on ratings made by clinicians on child and adolescent clinic attenders; G. Thorley 49–59

Family see also **Relatives, Spouse** and **Supporters**

The burden of care: the impact of functional psychiatric illness on the patient's family; G. Fadden *et al* (*Review article*) 285–292

Expressed emotion in the families of the mentally handicapped: a pilot study; Drone Greedharry (*Brief report*) 400–402

Huntington's chorea: some psychodynamics seen in those at risk and in the responses of the helping professions; B. Martindale 319–323

Fluoxetine: A comparative trial of a new antidepressant, fluoxetine; S. Levine *et al* 653–655

Flupenthixol: Clomipramine and flupenthixol-additive antidepressants? Peter Connelly and Graham J. Naylor (C) 721–722

The Scottish first episode schizophrenia study. II. Treatment: pimozide versus flupenthixol; The Scottish Schizophrenia Research Group 334–338

Folic acid: Folate and vitamin B12 in eating disorders; M. T. Abou-Saleh and K. O. Chung-A-On (C) 133

Folie-à-deux: Delusional parasitosis: successful non-pharmacological treatment of a *folie-à-deux;* Norman D. Macaskill (*Brief report*) 261–263

Food substitutes: The role of food substitutes in a token economy system; Derek W. Scott and Rodger H. Wood (*Brief report*) 864–867

France: French lunatic asylums; Henry Rollin (*A hundred years ago*) 571

Gamma glutamyl transpeptidase: Gamma glutamyl transpeptidase and mean cell volume in alcoholics; David M. Hambridge (C) 568

'Gaslight Phenomenon': 'Imposed psychosis': a case variant of the Gaslight Phenomenon; R. Cawthra *et al* (*Brief report*) 553–556

Gastric rugal hyperplasia: Anorexia nervosa and gastric rugal hyperplasia; A. D. Cockett (*Brief report*) 697–700

General Health Questionnaire: The psychological effects of service in British Antarctica: a study using the General Health Questionnaire; J. Bell and P. H. Garthwaite 213–218

Psychiatric disorder in the community and the General Health Questionnaire; P. G. Surtees 828–835

Genes: Continuum of psychosis and the gene; Christopher R. Brand (C) 880–881; Gordon Claridge (C) 129; C. M. H. Nunn (C) 129; M. J. Owen and V. L. Nimgaonkar (C) 566–567

Genetic marker: Genetic markers in late paraphrenia: a study of HLA antigens; Mohsen Naguib *et al* (*Brief report*) 124–127

Gilles de la Tourette's syndrome: Gilles de la Tourette's syndrome in Down's syndrome; John Corbett (C) 569

Tics and heredity: a study of the relatives of child tiqueurs; D. M. Zuasmer and M. E. Dewey 628–634

Gluten: Gluten sensitivity in schizophrenia; F. A. Jenner and D. N. Vlissides (C) 559. Man Mohan Singh and Stanley R. Kay (C) 130–131

GMS-AGECAT (Geriatric Mental State). Range of mental illness among the elderly in the community prevalence in Liverpool using the GMS-AGECAT package; J. R. M. Copeland *et al* 815–823

Head injury: Mania following head injury; Patrick Bracken (*Brief report*) 690–692

Mania following head injury: a report of two cases and a review of the literature; A. F. Clark and K. Davison 841–844
Health personnel: Huntington's chorea: some psychodynamics seen in those at risk and in the responses of the helping professions; B. Martindale 319–323
HIV (human immunodeficiency virus); HIV and the psychiatric hospital; D. R. Davies (C) 881–882
Hormones see also **ACTH, Cortisol,** and **L. H.**
Characteristic plasma hormone changes in Alzheimer's disease; J. E. Christie *et al* 674–681
Hospitalisation: Chronic schizophrenia and long-term hospitalisation; J. K. Wing (C) 129–130
Hospitals, general: The impact of a liaison psychiatry service on patterns of referral in a general hospital; A. Brown and A. F. Cooper 83–87
Psychiatric disorder in the general hospital; Adityan Jee *et al* (C) 131
The impact of a liaison psychiatric service on patterns of referral in a general hospital; David Jones (C) 715–716
Hospitals, mental handicap: Anticonvulsant medication in a mental handicap hospital: 1972–1982; L. C. Sheppard *et al* 513–517
Hospitals, psychiatric: The persistence of prescribing habits: a survey and follow-up of prescribing to chronic hospital in-patients; A. F. Clark and N. L. Holden 88–91
HIV and the psychiatric hospital; D. R. Davies (C) 881–882
First admissions of native-born and immigrant patients to psychiatric hospitals; Gyles Glover (C) 882
No fixed abode: a comparison of men and woman admitted to an East London psychiatric hospital; J. L. Herzberg 621–627
Improving the quality of care on psychiatric hospital rehabilitation wards: a controlled evaluation; A. Lavender 476–481
A comparative hospital survey of psychotropic drug prescribing; M. Muijin and T. Silverstone 501–504
An epidemic of suicide attempts by burning in a psychiatric hospital; Z. Zemishlany *et al* (*Brief report*) 704–706
Hundred Years ago, A: Causes of idiocy; Henry Rollin 725
Convulsionist mania; Henry Rollin 883
French lunatic asylums; Henry Rollin 571
Lunacy and pauperism; Henry Rollin 413
Notes and news – "After-care Ladies Working Society"; Henry Rollin 273
Huntington's chorea: Huntington's chorea: some psychodynamics seen in those at risk and in the responses of the helping professions; B. Martindale 319–323
Huntington's chorea; Howard Roberts (C) 874
Husbands: Influence of husbands on the outcome of their agoraphobic wives' therapy; K. Oatley and D. Hodgson 380–386
Hyperventilation: Panic attacks and hyperventilation; Christopher Bass (C) 563–564; M. G. Gelder (C) 564
Hypervitaminosis D: Case report: severe depressive illness in the context of hypervitaminosis D; Kenneth M. G. Keddie (*Brief report*) 394–396
Hyponatraemia: Hyponatraemia and lofepramine; Derek O'Sullivan and Femi Oyebode (C) 720–721
Hyponatraemia masquerading as malignant neuroleptic syndrome; W. P. Tormey *et al* (C) 412
Hysteria: Psychological complications following a misdiagnosis of deafness; L. A. Hewson and P. Morris (C) 570–571
Hysterical personality disorder. The process of diagnosis in clinical and experimental settings; D. J. Thompson and D. Goldberg 241–245

Idiocy: Causes of idiocy; Henry Rollin (*A hundred years ago*) 725
Immigrants: First admissions of native-born and immigrant patients to psychiatric hospitals; Gyles Glover (C) 882
Intestinal permeability: Abnormal intestinal permeability: an aetiological factor in chronic psychiatric disorders? N. C. Wood *et al* (*Brief report*) 853–856
Israel: Koro in an Israeli man; H. V. Kumar (C) 133

Khat: Khat-induced paranoid psychosis; Stephen Critchlow and Ruth Seifert (*Brief report*) 247–249; Manohar Dhadphale and H. N. K. Arap Mengech (C) 876; S. P. Gough and I. B. Cookson (C) 875–876
Khat psychosis; Paul McLaren (C) 712–713
Koro: Koro and schizophrenia in Singapore; G. S. Devan and Ong Seng Hong (*Brief report*) 106–107
Koro in an Israeli man; H. V. Kumar (C) 133
Koro-like states; Tapati Mukherjee (C) 881

Laterality: Chronic schizophrenic disorder. I. Psychophysiological responses, laterality and social stress; C. White *et al* 365–373
Lectures: Assessment of suicide risk; K. Hawton (based on Maudsley Bequest series February 1985) 145–153
Behavioural psychotherapy in general psychiatry. Helping patients to help themselves. I. Marks (*Maudsley Bequest Lecture 1986*) 593–597
Is there really a split in schizophrenia? The genetic evidence; P. McGuffin *et al* (based on lecture July 1985) 581–592
Temperament, personality and personality disorder; M. Rutter (based on lecture October 1986) 443–458
Changes in the incidence of schizophrenia? Eric Strömgren (Maudsley lecture 1985) 1–7
LH (luteinizing hormone): Increased plasma LH in manic-depressive illness: evidence of a state-independent abnormality; L. J. Whalley *et al* 682–684
Liaison psychiatry: The impact of a liaison psychiatry service on patterns of referral in a general hospital; A Brown and A. F. Cooper 83–87; David Jones (C) 715–716
Life events: Life events and mania: a special relationship? A. Ambelas 235–240
Life events, vulnerability and onset of depression: some refinements; G. W. Brown *et al* 30–42
Mania following bereavement; Stephen Rosenman (C) 268
Life events and mania; Paul Sclare and Francis Creed (C) 875

Lithium: Lithium in the treatment of aggression in mentally handicapped patients: a double-blind trial. M. Craft *et al* 685–689
Admission rates and lithium; M. B. Eastwood and A. M. Peter (C) 878; Paul Grof (C) 264–265; R. E. Kendell and W. E. Dickson (C) 265
Is there a lithium withdrawal syndrome? S. P. Hawkins and C. L. Shepherd (C) 273; A. J. Mander (C) 714
Neuroleptic malignant syndrome or lithium neurotoxicity; Adityan Jee (C) 568–569
A long-term retrospective follow-up study of patients treated with lithium carbonate; C. Page *et al* 175–179
The effect of carbamazepine and lithium on remission from affective illness; S. E. Watkins *et al* 180–182
Liverpool: Range of mental illness among the elderly in the community: prevalence in Liverpool using the GMS-AGECAT package: J. R. M. Copeland *et al* 815–823
Lofepramine: Hyponatraemia and lofepramine; Derek O'Sullivan and Ferni Oyebode (C) 720–721
London: No fixed abode: a comparison of men and women admitted to an East London psychiatric hospital; J. H. Herzberg 621–627
Five-year outcome and prognosis in schizophrenia: a report from the London Field Research Centre of the International Pilot Study of Schizophrenia; R. Prudo and H. Munroe Blum 345–354
Long-stay patients: Long-stay patients in a psychiatric day hospital; G. McGrath and D. Tantam 836–840
Louvain: Influence of the day of the week and the weather on people using a telephone support system; E. Hribersek *et al* 189–192
Lunacy: Lunacy and pauperism; Henry Rollin (*A hundred years ago*) 413

Mania: Life events and mania: a special relationship? A. Ambelas 235–240; Paul Sclare and Francis Creed (C) 875
Mania following head injury; Patrick Bracken (*Brief report*) 690–692
Mania following head injury: a report of the two cases and a review of the literature; A. F. Clark and K. Davison 841–884
Down's syndrome with mania; Edwin H. Cook Jr and Bennett L. Leventhal (*Brief report*) 249–250
Convulsionist mania; Henry Rollin (*A hundred years ago*) 883
Mania following bereavement; Stephen Rosenman (C) 268
Manic-depressive disorders: Manic depressive psychosis with mental retardation and flexion deformities; a clinical and cytogenetic study; A. H. Reid *et al* 92–97
Increased plasma LH in manic-depressive illness: evidence of a state-independent abnormality; L. J. Whalley *et al* 682–684
Masochism: Behavioural treatment of life-threatening masochistic asphyxiation: a case study; P. Haydn-Smith *et al* 518–519
Measles: Schizophreniform episode following measles infection; M. Stoler *et al* (*Brief report*) 861–862
Memory: Clinical tests of memory as sensitive and specific signs of dementia; M. G. Binks (C) 719–720
The Memory Clinic: a new approach to the detection of dementia; T. J. M. Van der Cammen *et al* 359–364
Mental handicap: A standardised assessment of personality disorder in mental handicap; Brian R. Ballinger and Andrew H. Reid (*Brief report*) 108–109
Lithium in the treatment of aggression in mentally handicapped patients: a double-blind trial. M. Craft *et al* 685–689
A case of mosaicism with fragile-X and XXY components; Saumitra Deb *et al* (*Brief report*) 700–702
49 Chromosome anomaly; S. Ganeshanantham and I. Gonsalves (C) 409
Expressed emotion in the families of the mentally handicapped: a pilot study; Drone Greedharry (*Brief report*) 400–402
Cotard's syndrome in a mentally handicapped man; Anthony Kearns (*Brief report*) 112–114
Manic depressive psychosis with mental retardation and flexion deformities; A. H. Reid *et al* 92–97
Psychiatric morbidity and the mentally handicapped; T. Hari Singh (C) 878–879; Peter Sturmey (C) 270
Mental health: The mental health of elderly couples. I. The effects of a cognitively impaired spouse; J. M. Eagles *et al* 299–303
The mental health of elderly couples II. Concordance for psychiatric morbidity in spouses; J. M. Eagles *et al* 303–308
Mental health and psychological well-being among the old and the very old living at home; K. Morgan *et al* 801–807
Mental processes: The influence of depression on the processing of personal attributes; P. I. Clifford and D. R. Hemsley 98–103
Mianserin: Mianserin and blood dyscrasias; R. J. Ancill (C) 569–570
Montgomery-Åsberg Depression Rating Scale: Depression assessment in Brazil: the first application of the Montgomery-Åsberg Depression Rating Scale; L. Dratcu *et al* 797–800
Mood alterations: Relationship of mood alterations to bingeing behaviour in bulimia; Sally Browning (C) 273
Morbidity: The mental health of elderly couples. II. Concordance for psychiatric morbidity in spouses; J. M. Eagles *et al* 303–308
Psychiatric morbidity and the mentally handicapped; Peter Sturmey (C) 270
Multi-authorship: Multi-author papers; Sydney Brandon and David Clayton (C) 408
Munchausen's syndrome: Munchausen's syndrome and drug dependence; Brian O'Shea (C) 407

Neuroleptic malignant syndrome: Neuroleptic malignant syndrome and compulsive water drinking; D. N. Anderson (C) 723–724
Neuroleptic malignant syndrome superimposed on tardive dyskinesia; John J. Haggerty Jr *et al* (*Brief report*) 104–105

Neuroleptic malignant syndrome (NMS) and tardive dyskinesia; Adityan Jee (C) 880
Neuroleptic malignant syndrome or lithium neurotoxicity; Adityan Jee (C) 568–569
The neuroleptic malignant syndrome, so-called: a survey of the world literature; A. M. P. Kellam (*Review article*) 752–759
Hyponatraemia masquerading as malignant neuroleptic syndrome; W. P. Tormey *et al* (C) 412
Neuroleptics: Prolonged oculogyric crisis on addition of nifedipine to neuroleptic medication regime; I. Singh (*Brief report*) 127–128
Neuropeptides: CSF neuropeptides in euthymic bipolar patients and controls; W. H. Berrettini *et al* 208–212
Neuropsychiatry: Neuropsychiatry; D. Rogers (*Annotation*) 425–427
Neurosyphilis: Water intoxication in congenital neurosyphilis; Bisa Haeger (C) 722–723
Newcastle diagnosis scale: Prediction of outcome in depressive illness by the Newcastle diagnosis scale: its relationship with the unipolar/bipolar and DSM-III systems; M. W. P. Carney *et al* 43–48
An American validation study of the Newcastle diagnostic scale. II. Relationship with clinical, demographic, familial and psychosocial features; M. Zimmerman *et al* 526–532
Nifedipine: Prolonged oculogyric crisis on addition of nifedipine to neuroleptic medication regime; I. Singh (*Brief report*) 127–128
Nigeria: A study of Schneider's first-rank symptoms of schizophrenia in Nigerian patients; Oye Gureje and E. A. Bamgboye (*Brief report*) 867–869
Nithsdale: The Nithsdale schizophrenia survey: VI. Relatives' expressed emotion: prevalence, patterns, and clinical assessment; R. G. McCreadie and A. D. T. Robinson 640–644
No fixed abode: No fixed abode: a comparison of men and women admitted to an East London psychiatric hospital; J. L. Herzberg 621–627
Nuclear magnetic resonance: Nuclear magnetic resonance brain imaging in chronic schizophrenia; J. A. O. Besson *et al* 161–163
Brain imaging in a case of Capgras' syndrome; Shôn W. Lewis (*Brief report*) 117–121

Obsessive-compulsive disorder: Neurological factors in obsessive-compulsive disorder; N. S. Harvey (C) 567–568
Obsessive-compulsive disorder – a complication of benzodiazepine withdrawal; Helen P. Matthews and Lynne M. Drummond (C) 272
Oculogyric crisis: Prolonged oculogyric crisis on addition of nifedipine to neuroleptic medication regime; I. Singh (*Brief report*) 127–128
Offenders: The compulsory detention of males of different ethnic groups, with special reference to offender patients; D. McGovern and R. Cope 505–512
Female sex offenders; Art A. O'Connor 615–620
Ontario: Autocastration in Ontario Federal Penitentiary inmates; G. Neil Conacher and George H. Westwood (C) 565–566
Out-patients: Deliberate self-harm and predictors of out-patient attendance; G. O'Brien *et al* (*Brief report*) 246–247
Oxygen: Oxygen saturation during electroconvulsive therapy; Steven R. Swindells and Karen H. Simpson (*Brief report*) 695–697

Pain: Plasma levels of β-endorphin in depressed patients with and without pain; R. J. Daly *et al* 224–227
Panic disorders: Panic attacks: new approaches to an old problem; Sandy Bourne (C) 265–266
Panic attacks and hyperventilation; Christopher Bass (C) 563–564; M. G. Gelder (C) 564
Caffeine and panic attacks; M. W. D. Rowlands (C) 720
Consensus statement: panic disorder; Isaac Marks and Andrew Matthews (C) 872
Paraldehyde: Use of paraldehyde; T. J. Holden and W. G. Cavanagh (C) 564–565
Paraphrenia: Late paraphrenia or the paraphrenias? A descriptive study with a 10-year follow-up; N. L. Holden 635–639
Genetic markers in late paraphrenia: a study of HLA antigens; Mohsen Naguib *et al* (*Brief report*) 124–127
Parasitosis: Delusional parasitosis; N. J. Hunt and V. R. Blacker (C) 713–714
Delusional parasitosis: successful non-pharmacological treatment of a folie-à-deux; Norman D. Macaskill (*Brief report*) 261–263
Parietal lobe: Senile dementia and parietal lobe dysfunction; C. J. Gilleard *et al* (*Brief report*) 114–117
Senile dementia and parietal lobe dysfunction; Raymond Levy (C) 558–559
Parkinson's disease: Dementia in Parkinson's disease; D. Peter Birkett (C) 560
Personality disorders: A standardised assessment of personality disorder in mental handicap; Brian R. Ballinger and Andrew H. Reid (*Brief report*) 108–109
Temperament, personality and personality disorder; P. J. Graham and J. E. Stevenson (C) 872–873. Michael Rutter (C) 873–874
DSM-III personality disorder clusters in three populations; J. Reich and W. Douglas Thompson 471–475
Temperament, personality and personality disorder; M. Rutter (*Lecture*) 443–458
Hysterical personality disorder: the process of diagnosis in clinical and experimental settings; D. J. Thompson and D. Goldberg 241–245
Phenelzine: A pilot study of phenelzine in the treatment of post-traumatic stress disorder; Jonathan Davidson *et al* (*Brief report*) 252–255
Phobic disorders: Ethanol retards desensitisation of simple phobias in non-alcoholics; O. G. Cameron *et al* 845–849
AIDS-phobia; K. S. Jacob *et al* (C) 412–413
Depression in school phobia; Israel Kolvin *et al* (C) 268–270

Delineating social phobia; Michael R. Liebowitz (C) 718–719
Influence of husbands on the outcome of their agoraphobic wives' therapy; K. Oatley and D. Hodgson 380–386
Physical examination: An evaluation of the performing and recording of physical examinations by psychiatric trainees; J. C. Rigby and A. G. Oswald 533–535
Physicians: Suicide in physicians; Isaac Sakinofsky (C) 267–268
Pimozide: The Scottish first episode schizophrenia study II. Treatment: primozide versus flupenthixol; The Scottish Schizophrenia Research Group 334–338
Placebo: Psychotherapy and placebo; H. J. Eysenck (C) 266–267
Points of view: Depression in the general population: comparability of survey results; T. K. J. Craig *et al* 707–708
The concepts of mild depression; R. P. Snaith 387–393
Pregnancy: A schoolgirl with onset of anorexia nervosa during a concealed pregnancy; J. E. Foster and M. E. Jenkins (*Brief report*) 551–553
Bulimia nervosa: the impact of pregnancy on mother and baby. J. Hubert Lacey and G. Smith 777–781
Premorbid Adjustment Scale: Premorbid Adjustment Scale as a prognostic predictor for schizophrenia. E. Alvarez *et al* (C) 411
Prescribing habits: The persistence of prescribing habits: a survey and follow-up of prescribing to chronic hospital in-patients; A. F. Clark and N. L. Holden 88–91
Present State Examination Change Rating Scale: K. H. Tress *et al* 201–207
Primary care: Depressive disorder in primary care; C. V. R. Blacker and A. W. Clare (*Review article*) 737–751
Procyclidine: Procyclidine abuse; G. P. Pullen (C) 567
Psychiatric child rating scale: Factor study of a psychiatric child rating scale based on ratings made by clinicians on child and adolescent clinic attenders; G. Thorley 49–59
Psychiatric disorders see also **Morbidity, Psychoses, Vulnerability**
Range of mental illness among the elderly in the community: prevalence in Liverpool using the GMS-AGECAT package; J. R. M. Copeland *et al* 815–823
The burden of care: the impact of functional psychiatric illness on the patient's family; G. Fadden *et al* (*Review article*) 285–292
Psychiatric disorder in the general hospital; Adityan Jee *et al* (C) 131
Communicability and thought disorder in schizophrenics and other diagnostic groups: a follow-up study; A. Barnett Ragin and T. F. Oltmanns 494–500
Psychological disorders in obstetrics and gynaecology; D. Ridley-Siegert (C) 717–718
Psychiatric disorder in the community and the General Health Questionnaire; P. G. Surtees 828–835
Abnormal intestinal permeability: an aetiological factor in chronic psychiatric disorders; N. C. Wood *et al* (*Brief report*) 853–856
Psychiatric status rating scales see **BITE, Edinburgh postnatal depression scale, General Health Questionnaire, GMS-AGECAT, Montgomery-Åsberg Depression Rating Scale, Newcastle diagnois scale, Premorbid adjustment scale, Present State Examination Change Rating Scale** and **Psychiatric child rating scale**
Psychophysiological disorders: Chronic schizophrenic disorder. I. Psychophysiological responses, laterality and social stress; C. White *et al* 365–373
Chronic schizophrenic disorder. II. Reaction time, social performance and arousal; C. White *et al* 374–379
Psychoses: Continuum of psychosis and the gene; Christopher R. Brand (C) 880–881; Gordon Claridge (C) 129; C. M. H. Nunn (C) 129; M. J. Owen and V. L. Nimgaonkar (C) 566–567
'Imposed psychosis': a case variant of the Gaslight Phenomenon; R. Cawthra *et al* (*Brief report*) 553–556
Epilepsy and psychosis – ask the family; David J. Clarke *et al* (*Brief report*) 702–703
Khat-induced paranoid psychosis; Stephen Critchlow and Ruth Seifert (*Brief report*) 247–249; Manohar Dhadphale and H. N. K. Arap Mengech (C) 876. S. P. Gough and I. B. Cookson (C) 875–876
Khat psychosis; Paul McLaren (C) 712–713
Epidemiology of puerpheral psychoses; R. E. Kendell *et al* 662–673
Compensation psychosis; A. C. White *et al* (*Brief report*) 692–694
Ephedrine psychosis rediscovered; Andrew M. Whitehouse and Janice M. Duncan (*Brief report*) 258–261
Psychosocial axes: Reliability of the psychosocial axes of DSM-III in an adolescent population; J. M. Rey *et al* 228–234
Psychotherapy: Psychotherapy and placebo; H. J. Eysenck (C) 266–267
Assessing the benefits of psychotherapy: the economic approach; G. McGrath and K. Lowson 65–71
Psychotropic drugs: A comparative hospital survey of psychotropic drug prescribing; M. Muijen and T. Silverstone 501–504
Puerperium: Detection of postnatal depression. Development of the 10-item Edinburgh postnatal depression scale; J. L. Cox *et al* 782–786
Epidemiology of puerperal psychoses; R. E. Kendell *et al* 662–673

Red blood cells: Gamma glutamyl transpeptidase and mean cell volume in alcoholics; David M. Hambridge (C) 568
Rehabilitation: Improving the quality of care on psychiatric hospital rehabilitation wards: a controlled evaluation; A. Lavender 476–481
Relatives: The Nithsdale schizophrenia survey: VI. Relatives' expressed emotion; R. G. McCreadie and A. D. T. Robinson 640–644
The Scottish first-episode schizophrenia study. IV. Psychiatric and social impact on relatives; The Scottish Schizophrenia Research Group 340–344
Research design: Gluten sensitivity in schizophrenia; Man Mohan Singh and Stanley R. Kay (C) 130–131
Review articles: Depressive disorder in primary care; C. V. R. Blacker and A. W. Clare 737–751
The burden of care: the impact of functional psychiatric illness on the patient's family; G. Fadden *et al* 285–292

Hostility and deliberate self-poisoning: the role of depression; R. Farmer 609–614
The neuroleptic malignant syndrome, so-called: a survey of the world literature; A. M. P. Kellam 752–759
Amnesia: organic and psychogenic; M. D. Kopelman 428 442
Biological and neuropsychological approaches to childhood autism; Margot R. Prior 8–17
Prevalence studies in schizophrenia; E. Fuller Torrey 598–608
'Rising Tide, The'; Measuring the 'Rising Tide'. How many dementia cases will there be by 2001? B. Ineichen 193–200

S-adenosylmethionine: Switch mechanism in affective illness and oral S-adenosylmethionine (SAM); M. W. P. Carney *et al* (C) 724–725
Saudi Arabia: Cousin marriages and schizophrenia in Saudi Arabia; Kutaiba Chaleby and T. A. Tuma (*Brief report*) 547–549
Schizophrenia, classification: Is the positive-negative distinction in schizophrenia valid? Man Mohan Singh and Stanley R. Kay (C) 879–880
Schizophrenia, complications: Autocastration and biblical delusions in schizophrenia; David Ames (C) 407; Larry Culliford (C) 407
Koro and schizophrenia in Singapore; G. S. Devan and Ong Seng Hong (*Brief report*) 106–107
Difficulties in assessing tardive dyskinesia; R. G. McCreadie *et al* (C) 410–411
An epidemic of suicide attempts by burning in a psychiatric hospital; Z. Zemishlang *et al* (*Brief report*) 704–706
Schizophrenia, diagnosis: Diagnostic value of Schneider's first rank symptoms in schizophrenia; H. D. Chopra and M. Gunter (C) 132
A study of Schneider's first-rank symptoms of schizophrenia in Nigerian patients; Oye Gureje and E. A. Bamgboye (*Brief report*) 867–869
The Scottish first episode schizophrenia study. I. Patient identification and categorisation; The Scottish Schizophrenia Research Group 331–333
Schizophrenia, familial and genetic: Cousin marriages and schizophrenia in Saudi Arabia; Kutaiba Chaleby and T. A. Tuma (*Brief report*) 547–549
Is there really a split in schizophrenia? The genetic evidence; P. McGuffin *et al* (Lecture 1985) 581–592
Schizophrenia, occurrence: Schizophrenia and ethnicity; Roland Littlewood (C) 272–273
Changes in the incidence of schizophrenia? Eric Strömgren (*Maudsley lecture 1985*) 1–7
Prevalence studies in schizophrenia; E. Fuller Torrey (*Review article*) 598–608
Schizophrenia, pathology: Nuclear magnetic resonance brain imaging in chronic schizophrenia; J. A. O. Besson *et al* 161–163
Cerebral ventricular enlargement in chronic schizophrenia; consistencies and contradictions; A. Farmer *et al* 324–330
Schizophrenia, physiopathology: Changes in auditory P3 event-related potential in schizophrenia and depression; D. H. R. Blackwood *et al* 154–160
Gluten sensitivity in schizophrenia; F. A. Jenner and D. N. Vlissides (C) 559
Chronic schizophrenic disorder. I. Psychophysiological responses, laterality and social stress; C. White *et al* 365–373
II. Reaction time, social performance and arousal; C. White *et al* 374–379
Schizophrenia, prognosis: Premorbid adjustment scale as a prognostic predictor for schizophrenia; E. Alvarez *et al* (C) 411
Five-year outcome and prognosis in schizophrenia: a report from the London Field Research Centre of the International Pilot Study of Schizophrenia; R. Prudo and H. Munroe Blum 345–354
Schizophrenia, therapy: A case of resistant schizophrenia; P. K. Bridges (C) 406
A patient with resistant schizophrenia; Ian R. H. Falloon (C) 717; Max Fink (C) 562–563; John Gunn *et al* (C) 716–717
The effect of sulpiride on negative symptoms of schizophrenia; Michel Petit *et al* (C) 270–271
Gluten sensitivity in schizophrenia; Man Mohan Singh and Stanley R. Kay (C) 130–131
The Scottish first episode schizophrenia study. II. Treatment: pimozide versus flupenthixol; The Scottish Schizophrenia Research Group 334–338
Chronic schizophrenia and long-term hospitalisation; J. K. Wing (C) 129–130
Electrodermal responding and chlorpromazine treatment in schizophrenia; Stavroula Yannitsi *et al* (*Brief report*) 850–853
Schizophrenic psychology: The influence of depression on the processing of personal attributes; P. I. Clifford and R. Hemsley 98–103
The relative stability of positive and negative features in chronic schizophrenia; E. C. Johnstone *et al* 60–64
The Nithsdale schizophrenia survey. VI. Relatives' expressed emotion: prevalence, patterns and clinical assessment; R. G. McCreadie and A. D. T. Robinson 640–644
Communicability and thought disorder in schizophrenics and other diagnostic groups: a follow-up study; A. Burnett Ragin and T. F. Oltmanns 494–500
The Scottish first episode schizophrenia study. III. Cognitive performance; The Scottish Schizophrenia Research Group 338–340
The Scottish first episode schizophrenia study. IV. Psychiatric and social impact on relatives; The Scottish Schizophrenia Research Group 340–344
Specific and non-specific effects of educational intervention with families living with a schizophrenic relative; J. V. Smith and M. J. Birchwood 645–652
Schizophreniform episode: Schizophreniform episode following measles infection; M. Stoler *et al* (*Brief report*) 861–862
Schneider's first rank symptoms: Diagnostic value of Schneider's first rank symptoms in schizophrenia; H. D. Chopra and M. Gunter (C) 132

A study of Schneider's first-rank symptoms of schizophrenia in Nigerian patients; Oye Gureje and E. A. Bamgboye (*Brief report*) 867–869

Scotland see also **Edinburgh** and **Nithsdale**

The Scottish first episode schizophrenia study. I. Patient identification and categorisation 331–333; II. Treatment: pimozide versus flupenthixol 334–338; III. Cognitive performance 338–340; IV. Psychiatric and social impact on relatives 340–344; The Scottish Schizophrenia Research Group

Self-harm: Deliberate self-harm and predictors of out-patient attendance; G. O'Brien *et al* (*Brief report*) 246–247

Self mutilation: Autocastration and biblical delusions in schizophrenia; David Ames (C) 407. Larry Culliford (C) 407

Autocastration in Ontario Federal Penitentiary inmates; G. Neil Conacher and George H. Westwood (C) 565–566

Self-poisoning: Hostility and deliberate self-poisoning: the role of depression; R. Farmer (*Review article*) 609–614

Ethnic differences in self-poisoning: a comparison of West Indian and White groups; J. Merrill and J. Owens 765–768

Sex offences: Female sex offenders; Art. A. O'Connor 615–620

Singapore: Koro and schizophrenia in Singapore; G. S. Devan and Ong Seng Hong (*Brief report*) 106–107

Social phobia: Delineating social phobia; Michael R. Liebowitz (C) 718–719

Social support: Influence of the day of the week and the weather on people using a telephone support system; E. Hribersek *et al* 189–192

A list of the social support hypothesis; G. Parker and B. Barnett 72–77

Sociobiology: *Sociobiology, the new synthesis:* Edward O. Wilson; Edward Hare (*Book reconsidered*) 709–711

Sodium valproate: The effect of sodium valproate on tardive dyskinesia – revisited; G. G. Fisk and S. M. York 542–546

South Africa: Ethnic labels in South Africa; Beverley J. Dickman and Leslie Swartz (C) 566

Schizophrenia and ethnicity; Roland Littlewood (C) 272–273

Spouse: The mental health of elderly couples. I. The effects of a cognitively impaired spouse; J. M. Eagles *et al* 299–303

The mental health of elderly couples. II. Concordance for psychiatric morbidity in spouses; J. M. Eagles *et al* 303–308

Influence of husbands on the outcome of their agoraphobic wives' therapy; K. Oatley and D. Hodgson 380–386

Stress, psychological: The psychological effects of service in British Antarctica: a study using the General Health Questionnaire; J. Bell and P. H. Garthwaite 213–218

Influence of emotional distress among supporters on the outcome of psychogeriatric day care; C. J. Gilleard 219–223

Chronic schizophrenic disorder. I. Psychophysiological responses, laterality and social stress; C. White *et al* 365–373

Stress disorders, post-traumatic: A pilot study of phenelzine in the treatment of post-traumatic stress disorder; Jonathan Davidson *et al* (*Brief report*) 252–255

Students: Suicide and parasuicide among further education students in Edinburgh; S. D. Platt 183–188

Substance use disorders see also **Butane** and **Toluene**

Is there a lithium withdrawal syndrome? S. P. Hawkins and C. L. Shepherd (C) 273

Obsessive-compulsive disorder – a complication of benzodiazepine withdrawal; Helen P. Matthews and Lynne M. Drummond (C) 272

Munchausen's syndrome and drug dependence; Brian O'Shea (C) 407

Procyclidine abuse; G. P. Pullen (C) 567

Suicide: Assessment of suicide risk; K. Hawton (*Lecture*) 145–153

Suicide in England and Wales, 1975–1984; G. M. G. McClure 309–314

Suicide risk factors: a comparison of suicide attempters with suicide completers; K. Michel 78–82

Suicide and parasuicide among further education students in Edinburgh; S. D. Platt 183–188

Suicide in physicians; Isaac Sakinopsky (C) 267–268

Suicide, attempted: Parasuicide and unemployment; Donald Bermingham (C) 408

Classification of parasuicide by cluster analysis. Types of suicidal behaviour, therapeutic and prognostic implications; A. Karz *et al* 520–525

Suicide risk factors: a comparison of suicide attempters with suicide completers; K. Michel 78–82

Deliberate self-harm and predictors of out-patient attendance; G. O'Brien *et al* (*Brief report*) 246–247

Suicide and parasuicide among further education students in Edinburgh; S. D. Platt 183–188

An epidemic of suicide attempts by burning in a psychiatric hospital; Z. Zemishlany *et al* (*Brief report*) 704–706

Sulpiride: The effect of sulpiride on negative symptoms of schizophrenia; Michel Petit *et al* (C) 270–271

Supporters: The psychological well-being of supporters of the demented elderly; J. M. Eagles *et al* 293–298

Influence of emotional distress among supporters on the outcome of psychogeriatric day care; C. J. Gilleard 219–223

Sweden: Infantile autism in children of immigrant parents. A population-based study from Göteborg, Sweden; Christopher Gillberg *et al* (*Brief report*) 856–858

Tardive dyskinesia: Nuclear magnetic resonance brain imaging in chronic schizophrenia; J. A. O. Besson *et al* 161–163

The effect of sodium valproate on tardive dyskinesia–revisited; G. G. Fisk and S. M. York 542–546

Neuroleptic malignant syndrome superimposed on tardive dyskinesia; John J. Haggerty Jr *et al* (*Brief report*) 104–105

Neuroleptic malignant syndrome (NMS) and tardive dyskinesia; Adityan Jee (C) 880

Difficulties in assessing tardive dyskinesia (C) R. G. McCreadie *et al* 410–411

Telephone support: Influence of the day of the week and the weather on people using a telephone support system; E. Hribersek *et al* 189–192

Temperament: Temperament, personality and personality disorder; P. J. Graham and J. E. Stevenson (C) 872–873; N. Rutter (*Lecture*) 443–458, (C) 873–874

Tiapride in the long-term management of alcoholics of anxious or depressive temperament; G. K. Shaw *et al* 164–168

Therapies see **Art therapy, Behavioural therapy, Cognitive therapy, Psychotherapy** and **Rehabilitation**

Tiapride: Tiapride in the long-term management of alcoholics of anxious or depressive temperament; G. K. Shaw *et al* 164–168

Tics. Tics and heredity: a study of the relatives of child tiqueurs; D. M. Zausmer and M. E. Dewey 628 634

Token economy: The role of food substitutes in a token economy system; Derek W. Scott and Rodger H. Wood (*Brief report*) 864–867

Toluene: Patterns of use and related harm with toluene-based adhesives and butane gas; A. C. Evans and D. Raistrick 773–776

Phenomenology of intoxication with toluene-based adhesives and butane gas; A. C. Evans and D. Raistrick 769–773

Tomography, X-ray computed: Cerebral ventricular enlargement in chronic schizophrenia: consistencies and contradictions; A. Farmer *et al* 324–330

Trainees, psychiatric: An evaluation of the performing and recording of physical examinations by psychiatric trainees; J. C. Rigby and A. G. Oswald 533–535

Trazodone: Allergic type response to trazodone; James Maguire and Ashok N. Singh (C) 271–272

Tuberous sclerosis: Epilepsy and psychosis – ask the family; David J. Clarke *et al* (*Brief report*) 702–703

Tuberous sclerosis and the autistic syndrome; B. A. Lawlor and R. G. Maurer (*Brief report*) 396–397

Unemployment: Parasuicide and unemployment; Donald Bermingham (C) 408

Unipolar/bipolar system: Prediction of outcome in depressive illness by the Newcastle diagnosis scale: its relationship with the unipolar/bipolar and DSM-III systems; M. W. P. Carney *et al* 43–48

A long-term retrospective follow-up study of patients treated with prophylactic lithium carbonate C. Page *et al* 175–179

Vanadium: Further studies of vanadium in depressive psychosis; G. J. Naylor *et al* 656–661

Videotapes: Difficulties in assessing tardive dyskinesia; R. G. McCreadie *et al* (C) 410–411

Vitamins: Folate and vitamin B12 in eating disorders; M. T. Abou-Saleh and K. O. Chung-A-On (C) 133

Case report: severe depressive illness in the context of hypervitaminosis D; Kenneth M. G. Keddie (*Brief report*) 394–396

Vulnerability: Psychiatric vulnerability and cerebellar haemangioblastoma. A case report; D. A. Summerfield (*Brief report*) 858–860

Wales: Suicide in England and Wales, 1975–1984; G. M. G. McClure 309–314

Water: Neuroleptic malignant syndrome and compulsive water drinking; D. N. Anderson (C) 723–724

Water intoxication in congenital neurosyphilis; Bisa Haeger (C) 722–723

Weather: Influence of the day of the week and the weather on people using a telephone support system; E. Hribersek *et al* 189–192

Wives *see* **Spouse**

Zinc: Zinc in senile dementia; Chris Kenn and Elizabeth Gibb (C) 875; I. J. McLoughlin (C) 409

PART III – BOOK REVIEWS

(*Names of reviewers are given in brackets*)

ADOLESCENCE

Feldman, Ronald A. and **Stiffman, Arlene Rubin** (eds). Advances in adolescent mental health. Vol. 1. Mental health disorders in adolescence (Patricia Ainsworth) 415–416
Klerman, Gerald L. (ed). Suicide and depression among adolescents and young adults (Joyce Almeida) 734
Miller, Derek. Attack on the self: adolescent behavioural disturbance and their treatment (Stephen Wolkind) 885
Plant, Martin A., Peck, David F. and **Samuel, Elaine.** Alcohol, drugs and school-leavers (T. A. Spratley) 136 137
Steinberg, Derek (ed.). The adolescent unit work and teamwork in adolescent psychiatry (T. P. Berney.) 279

CHEMOTHERAPY

Baldessarini, Ross J. Chemotherapy in psychiatry (revised and enlarged edn) (Anna Higgitt) 276–277
Gabe, Jonathan and Williams, Paul (eds). Tranquillisers: social, psychological and clinical perspectives (John Pollitt) 574–575
Hersen, Michel (ed.). Pharmacological and behavioural treatment: an integrative approach (Stephen J. Cooper) 137–138
Tyrer, Peter. How to stop taking tranquillizers (Anna Higgitt) 887 888

CHILDHOOD

Bretherton, Inge and Waters, Everett (eds). Growing points of attachment theory and research. (Patricia Ainsworth) 277–278
Conners, Keith C. and **Wells, Karen C.** Hyperkinetic children: a neuro-psychosocial approach (Anthony D. Cox) 139
Gabel, Stewart, Oster, Gerald D. and Butnik, Steven M. Understanding psychological testing in children: a guide for health professionals (Joan Freeman) 576 577
Gelfand, Donna M. and **Peterson, Lizette.** Child development and psychopathology (D. P. Hoare) 141
Minde, Claus and Minde, Regina. Infant psychiatry: an introductory textbook (Claire Sturge) 282–283
Taylor, Eric A. (ed). The overactive child (Clinics in developmental medicine No. 97) (Peter Hill) 728
Tinbergen, N. and Tinbergen, E. A. (eds). Autistic children: new hope for a cure (Elena Garralda) 278

Zeitlin, H. The natural history of psychiatric disorder in children (Sula Wolff) 414
Zilback, Joan J. Young children in family therapy. (A. C. James) 140

COMMUNITY PSYCHIATRY

Atherton, James S. Professional supervision in group care: a contract-based approach (Eric Crouch) 884–885
Grantly, James R. (ed). Research in community and mental health (Gillian Waldron) 727
McDermott, Aileen. Principles into practice; a developmental study of a community mental health service (F. A. Jenner) 417
Rose, Stephen M. and **Black, Bruce L.** Advocacy and empowerment: mental health care in the community (Donald P. Forster) 137
Weissman, N. N., Myers, J. K. and **Ross, C. E.** (eds). Community surveys of psychiatric disorders (Greg Wilkinson) 735

DEPRESSION

Beckham, E. Edward and **Lever, William R.** (eds). Handbook of depression: treatment, assessment and research (Philip Snaith) 885–886
Coyne, James C. (ed.). Essential papers on depression (Graeme McGrath) 575–576
Deakin, J. F. W. (ed.). The biology of depression (David J. King) 416–417
Hippius, H. and **Matussek, N.** (eds). Differential therapy of depression: possibilities and limitations (J. F. W. Deakin) 728–729

EPILEPSY

Pedley, Timothy A. and Meldrum, Brian S. Recent advances in epilepsy. 3 (Michael R. Trimble) 576–577
Ross, Euan and Reynolds, Edward (eds). Paediatric perspectives on epilepsy (Michael Prendergast) 577
Whitman, Steven and **Herman, Bruce P.** (eds). Psychopathology in epilepsy: social dimensions (Stuart Turner) 726

ETHICS

Tancredi, Laurence (ed). Ethical issues in epidemiologic research (Series in psychosocial epidemiology, Vol. 7) (Mark McCarthy) 886

FAMILY THERAPY

L'Abate, Luciana. Systematic family therapy (Arnon Bentovim) 575
Lansky, Melvin R. (ed.). Family approaches to major psychiatric disorders (Ruth Berkowitz) 134–135
Nagy-Boszormenyi, Ivan and **Framo, James L.** (eds). Intensive family therapy: theoretical and practical aspects (Stephen N. Wolkind) 734

FORENSIC PSYCHIATRY

Curran, William J., McGarry, A. Louis and **Shah, Salem A.** (eds). Forensic psychiatry and psychology (Gisli H. Gudjonsson) 730–731
Gostin, Larry. Institutions observed: towards a new concept of secure provision in mental health (Derek Chiswick) 283
Pringle, Norman N. and **Thompson, Paul J.** Social work, psychiatry and the law (Herschel Prins) 141
Stone, Alan A. Law, psychiatry and morality: essays and analysis (Henry R. Rollin) 418–419
